Of nature, by nature, for nature.

100%

Compostable Tableware

Made from Sugarcane Bagasse Pulp

Plates • Trays • Lids • Bowls • Clamshell • Containers

Our Service Commitment

It is our management ethics and philosophy that our only goal is to establish long term value-based mutually beneficial relationships with our clients by conducting business practices with Integrity, Commitment, and Virtue. From the purchasing department to production, to our dispatch teams in the logistics, we have diligently designed our entire operation in a manner that emphasizes on cherishing relations with our clients and stakeholders. To propel ease of doing business, our organisation provides 24 hours fully operational infrastructure and dispatch facility, along with the largest warehouse in the industry in India to provide utmost convenience.

Infrastructure

- 18 Tons/Per Day current production capacity with 4 units in India.
- 30 Tons /Per Day expandable capacity with 30 acres of land for expansion.
- Currently supplying 60-65 containers per month across 12 countries worldwide.
- Warehouses in North India, South India, East India and North East India for efficient distribution.
- 500+ employees | 24 hours operational facility.
