Backflow Incense Cone Holder

The Backflow Incense Cone Holder is specially designed to create a smoke pool and dramatically flow down the tower with a dreamy effect. Looking at it, it feels like a dream waterfall show is being created. The smoke produced by burning incense cone is denser than air and it drifts down the hole and over the object. It is incredible to watch and very relaxing. The Backflow Incense Cone Holder is suitable for home, office, teahouse, meditation, yoga studio and other places.
