BRAND MANIFESTO

1. At Mamaearth, we live to spread a little love and goodness everyday. We do it through the purest and the most nurturing products that the world deserves.
2. For us, beauty is a verb that reveals itself in every little act of goodness. Acts that are good for me, good for us, and good for the Earth.
3. Our love will always have a moral compass. What's right for Mother Earth is right for us all. And so, we'll stay loyal to our product roots of toxin-free purity & natural goodness. And, bottle the best of Mother Earth's wisdom in the most beautiful way.
4. We believe that little acts of goodness go a long way. So we'll urge 'Gen Good' to pay forward the love every day. In doing so, we'll catalyze our own goodness revolution.
5. We will invite consumers into this world with open arms, not just to buy, but to share, ideate, and co-create. After all, none of us is as smart as all of us.
